Subject: Quotation for Reticles
Reference: Our telephone conversation February 4, 1966

25X1A

Dear Ray:

This is to confirm our telephone quotation for reticles to be used in the High Power Stereocomparator Viewing System. The reticles to be supplied will be a 20-micron dot (+2 microns) with two radial lines of 20 microns (+2 microns) in width and 500 microns (+10 microns) in length. The distance from the center of the dot to the edge of the line is 250 microns (+15 microns).

In a quantity of twelve reticles, the unit price is [REDACTED] per reticle. This cost does not include provisions for installing the reticles in the viewing system.

25X1A

I hope this information will be of assistance to you. We are looking forward to receiving your order as soon as possible.

Very truly yours,
